Keith Higgins

Thanks for your suggestion regarding the
Blue chimes.

We have been investigating something of
the sort, trying to iron out switching problems
involved. Your idea of combining the present 3-note
chime with some additional notes, is a new wrinkle
and may be just the answer we are looking for. As
soon as we can figure out anything, I'll let you
know.

Incidentally, any other good suggestions
which you have are more than welcome.

Keith Higgins
