*Chime
File*

I was glad to receive your letter in which you suggested that we have chimes installed here in the Merchandise Mart in the same manner that you had them installed in Radio City. I had already recommended that very thing to Mr. Trammell about a week ago, so I forwarded him your note to add weight to the suggestion. He, however, upon receipt of my memorandum said he thought the idea was a very good one and was going to take immediate steps to put it into effect if it were at all possible to do so. I will let you know as soon as there are any definite developments.

Thank you for the suggestion and kindest regards.
